

Group Environment Policy

Policy statement

SSE commits to protecting the environment, preventing pollution and operating in a sustainable way.

Policy purpose

The purpose of the policy is to identify and mitigate material impacts, manage environmental risks and engage positively with key stakeholders to improve the environmental impact of SSE's business activities.

This policy is owned by the Director of Human Resources and is one of a suite of group-level policies that promote a healthy business culture, guide decisions and actions as expected by the company's stakeholders, and make SSE a responsible company that people want to invest in, buy from, work for and partner with.

POLICY PRINCIPLES

The following principles highlight how we expect the policy statement to be achieved, and should be used to guide behaviours, decision making and action:

<p>Environment Management and Governance</p>	<ul style="list-style-type: none"> • In order to protect the environment and operate in sustainable way, we design, construct, operate and decommission our assets, and conduct our operational activities in compliance with all relevant legal and regulatory obligations. We seek to go above and beyond this and meet additional relevant voluntary standards that the company subscribes to wherever possible bring about positive environmental outcomes.
<p>Responsible Consumption and Production</p>	<ul style="list-style-type: none"> • We commit to decreasing the impact of our resource consumption by: <ul style="list-style-type: none"> ○ Minimising resource use and waste production. ○ Minimising waste to landfill and increasing recycling. ○ Working with our supply chain to improve performance and innovation. ○ Engaging with the circular economy, by using reprocessed materials and ensuring our resources can readily be reused or recycled so far as is practical. ○ Selecting materials that have sustainable lifecycle impacts.
<p>Natural Environment</p>	<ul style="list-style-type: none"> • We commit to manage, protect and enhance the Natural Environment by: <ul style="list-style-type: none"> ○ Targeting no net loss in Biodiversity from 2023 and net gain in Biodiversity by 2025, onshore Large Capital Projects. ○ Complying with new legislation on Biodiversity Net Gain. ○ Monitoring the impacts on Biodiversity of operational assets located in sensitive environments, and to take measures to reduce those impacts where practical. ○ Collaborating with relevant organisations that protect and enhance biodiversity.
<p>Materiality</p>	<ul style="list-style-type: none"> • SSE and its business units identify their most material environmental impacts to ensure the company sets relevant and ambitious environmental goals and targets. To identify these material impacts, SSE, and its business units,

	engage constructively and continuously with key stakeholders.
Process	<ul style="list-style-type: none"> • To meet these environmental standards SSE shall: <ul style="list-style-type: none"> ○ Develop an Annual Environmental Strategy. ○ Identify material impacts, set challenging targets to continuously improve performance and measure and report progress publicly. ○ Manage environmental risks by applying and continually improving the Safety, Health and Environment (SHE) Management System and drive towards best practice standards, supported by assurance processes. ○ Engage positively with key stakeholders on environmental issues and take responsibility within the wider community for improving the environmental impact of our business. ○ Collaborate, invest in and develop new technologies to be more environmentally sustainable. ○ Work with supply partners to improve their environmental performance. ○ Integrate environmental improvements into our everyday decision making.

ROLES AND RESPONSIBILITIES

This policy applies to all SSE employees and contingent workers. It is relevant to people contracted to provide services to the Company through third parties. The Policy applies to Joint Venture partnerships where SSE manage and provide operational resources.

Where we operate internationally, we will utilise our Group Policies as a default, subject to legal or regulatory requirements of the relevant international domain, and relevant local policies and supporting procedures.

Managers are responsible for making sure that their teams and colleagues understand and comply with the policy and supporting procedures as well as complete any relevant training.

All employees must comply with the policy and supporting procedures and complete all relevant training.

The **Safety, Health and Environment Team** is responsible for providing environmental support to SSE businesses.

The **Chief Sustainability Officer** is responsible for reporting SSE’s environmental impacts to stakeholders.

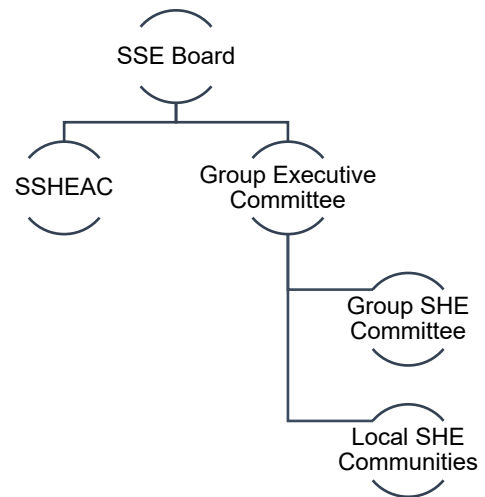

GOVERNANCE

The **SSE plc Board** and **Group Executive Committee** are responsible for the oversight for this Policy including the approval of any changes to the Policy. This Policy is reviewed annually as part of an evaluation process.

The **Safety, Health and Environment Committee** (SHEC) supports the **Policy Owner** and makes sure that the policy is adhered to through awareness, training and monitoring of policy implementation. Incidents and breaches are reviewed and where appropriate opportunities for improvement are actioned.

Governance for the implementation of the Policy and for the continual improvement in performance is provided by the **Group SHE Committee** at Group-level, the **Safety, Sustainability, Health and Environment Advisory Committee (SSHEAC)** at Board level, and at local level by **Local SHE Communities** (LSC).

A further consultation forum exists at Group Level; the **Health, Safety and Environment Committee** (HeSEC) provides a forum for senior SSE managers to meet with Trade Union/Employee representatives.

TRAINING

We provide general and role specific training to our employees to ensure they have the appropriate skills and knowledge and enable them to deliver our environment commitments.
